

Don Zaengle Consulting Petroleum Geologist

My name is Don Zaengle, I'm a Petroleum Geologist and educator from Worcester N.Y.. Chris Denton (Atty.) has asked me to join his group providing geological (scientific) support for land owners. I've worked in the oil industry for 20 years in exploration, development, and production (for Shell Oil Comp.). 5 years as a Consulting Petroleum Geologist. I have a B.S. degree in Geology and Water Resource Management (Hydrology) from SUNY Oneonta and a Masters degree from Illinois in Geology (sedimentology). I given many presentations over the last year regarding exploration efforts in our region. My power point presentation includes: Geologic overview of "Shale gas play", what are black shales, their location (statigraphic section), history of the play, why the renewed interest, advancements in technology (3D seismic data, drilling, well completion, etc.), analog fields and production, geologic exploration trends, and economics. I also have a good understanding of leasing issues.
