Instructions for Layers

Base Layers

Kentucky-specific base layers which overlay the ESRI world base layers.

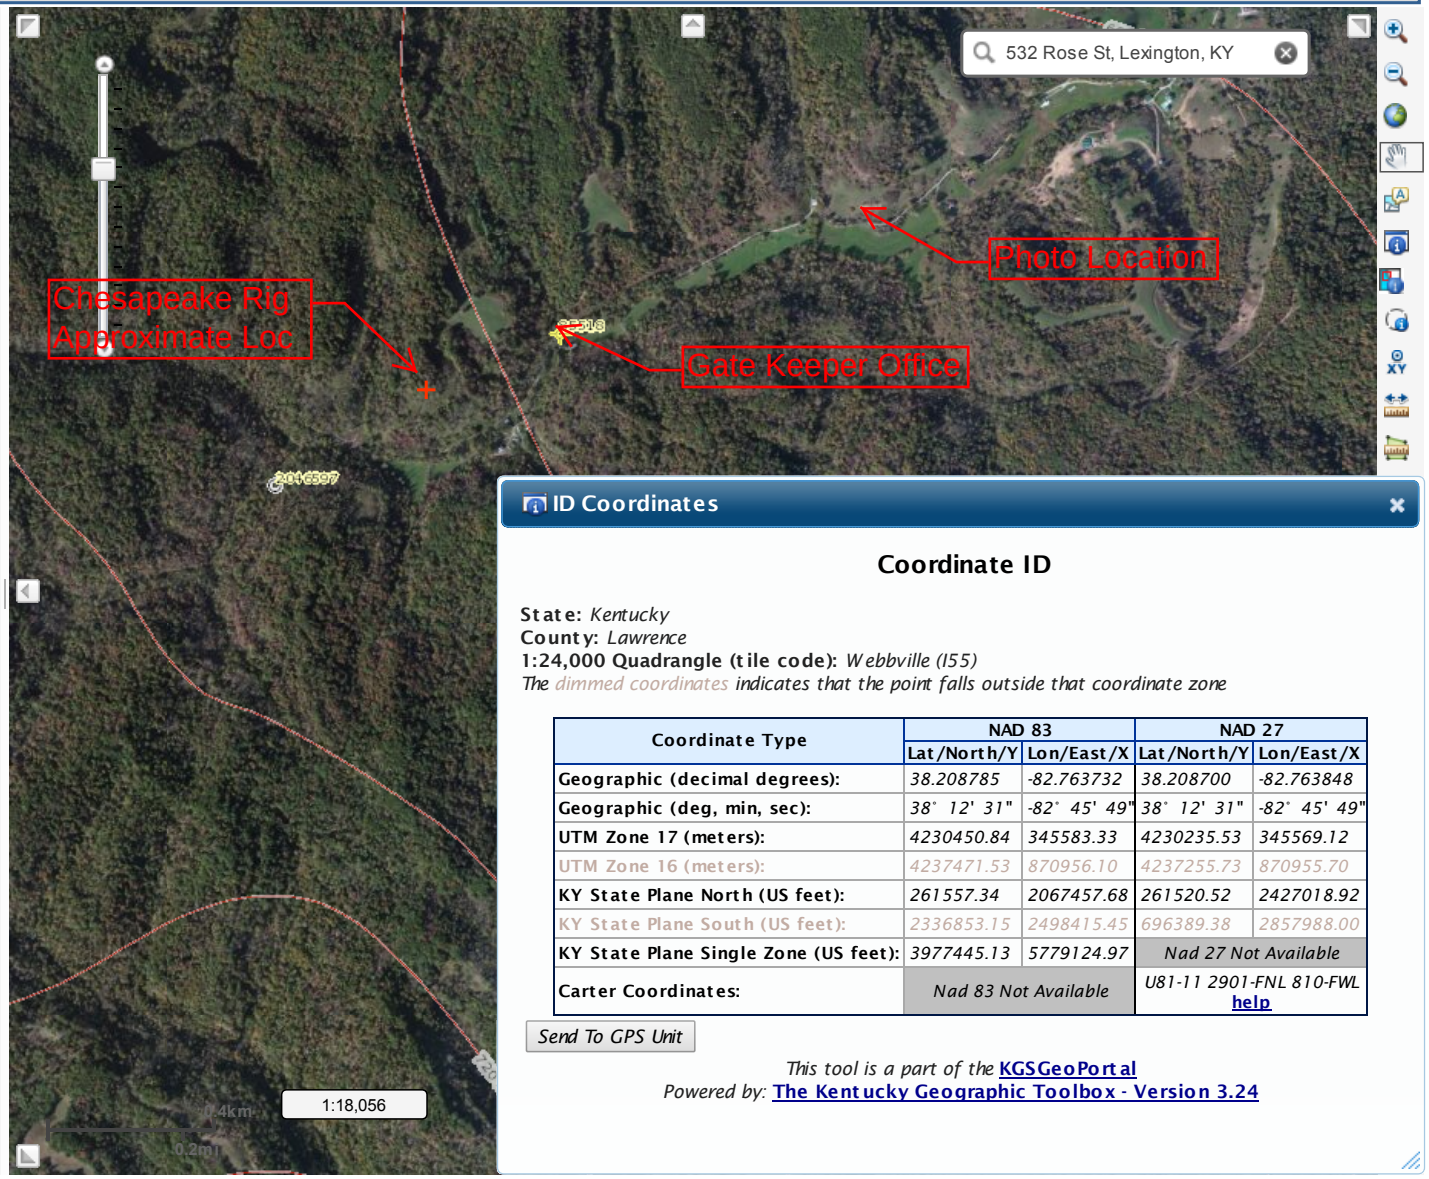

- KY Topography & Hillshade (10 m DEM)
- KY Topography (no hillshade)
- KY Aerial (2012 - 1 meter)
- Remove KY Base Layer

KY Base Raster Transparency (topo, hillshade, imagery)

Change World Base Layer (ESRI)

World base layers are opaque, always on, and below all layers:

Imagery | Imagery with Labels | Streets | Topographic | Dark Gray Canvas | Light Gray Canvas | National Geographic | Oceans

ID Coordinates

Coordinate ID

State: *Kentucky*
County: *Lawrence*
1:24,000 Quadrangle (tile code): *Webbville (I55)*
The dimmed coordinates indicates that the point falls outside that coordinate zone

Coordinate Type	NAD 83		NAD 27	
	Lat/North/Y	Lon/East/X	Lat/North/Y	Lon/East/X
Geographic (decimal degrees):	38.208785	-82.763732	38.208700	-82.763848
